

Allianz Care Network List for RBAs

08th June 2018

The following list of providers are available for cashless access out-patient treatment for staff serving outside of HQ.

Hospitals and Clinics which have been added during October, November and December to the list have been highlighted in Yellow in the "Date of Contract" column below. There are 4,230 providers across 66 countries included in this list. Each country has it's own section and is broken down into provider name, city location, the type of provider (hospital, medical centre, etc.) and what type of direct settlement access is available to you, e.g. out-patient only or both In- and out-patient. With so many providers, please search facility in this pdf document to find your specific country details.

Out-patient Claims

With the above providers, we have put in place a direct settlement agreements for the settlement of the costs reimbursable under the health insurance plan. This means that we will settle the invoice up to the limit under your plan, excluding personal expenses, directly to the provider, and the re-imbursement of the co-payment (patient's

If the provider you are visiting isn't on the above list, please obtain the invoice which states the diagnosis or medical condition treated, pay the medical provider directly for these costs at the time of treatment and then seek reimbursement from us, subject to the benefit limits of the plan and the usual claims procedures.

In-patient Claims

An in-patient treatment involves an overnight stay, except in case of a day surgery where a treatment requires the use of a conventional operating theatre and is being

If you are admitted to a hospital, we should be informed immediately and be provided with the hospital's contact details, so that we can issue the guarantee of payment for

Please note that any co-payment (patient's share) due by you under the insurance plan has to be settled by you directly to the medical provider.

Please ensure to check your online service for the most up to date listing as this list will evolve over time.
